

GUIDE K35

Mechanical & Dimensions

This document records the published package drawing and dimensional table for the GUIDE K35 Series 24-pin LCC embedded RTK GNSS modules.

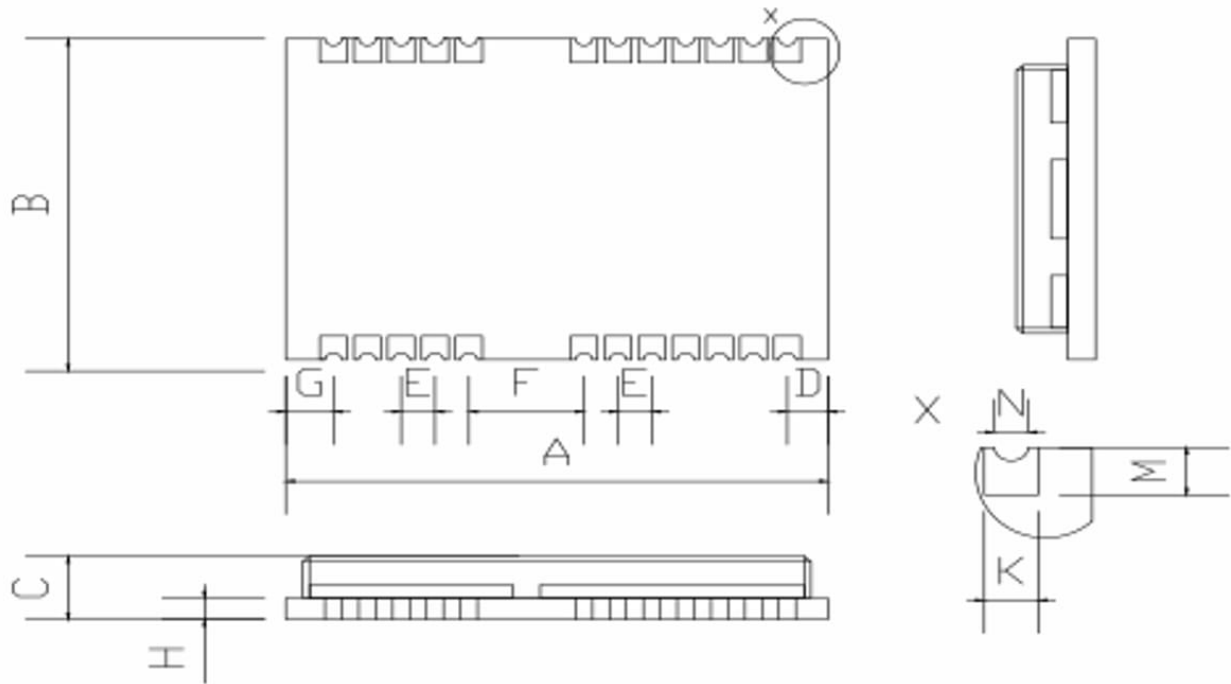

Package Overview

GUIDE is a compact surface-mount LCC module. Use the mechanical drawing and dimension table together when preparing the carrier-board footprint, component placement, and assembly constraints.

Parameter	Specification
Package type	24-pin LCC surface-mount package.
Typical body size	16.3 x 12.2 mm.
Typical height	2.4 mm.

Mechanical Drawing

The drawing provides top, side, and detail views. Dimension symbols correspond to the table below; all dimensions are in millimeters.
